Subject Freedom - Public Water System: Camp Cragged Mountain Farm (EPA #0867060)

Dear Mr. Utter:

As a result of the submission of proof that a second quarter 2002 "make-up" nitrate sample was submitted to a private laboratory in August 2002, the New Hampshire Department of Environmental Services ("DES") has determined that the violation identified in the Letter of Deficiency #WSEB 03-028, dated March 11, 2003, has been resolved. DES appreciates your cooperation in resolving this matter.

Please continue to submit water sample results according to your chemical monitoring schedule.

If you have any questions concerning this letter, please contact me at (603) 271-0672 or by e-mail at [abailey@des.state.nh.us](mailto:abailey@des.state.nh.us).

Sincerely,
